

6 Days Highlight of Magical Kenya Bush Safari

Tour Overview

The “6 Days Highlights of Magical Kenya Bush Safari” is a compact yet enchanting journey that offers a taste of Kenya’s incredible wilderness, wildlife, and landscapes. In just six days, you’ll embark on an adventure that showcases some of the most iconic and captivating aspects of Kenya’s natural beauty and rich biodiversity.

Starting in Nairobi, Kenya’s vibrant capital, this safari will take you to several remarkable destinations, each offering its own unique experiences.

Day 1: Arrive JKIA-Nairobi Samburu Game Reserve

0630hrs; depart with picnic breakfast headed northwards towards the expansive wilderness of Samburu. Lunch at Trout Tree restaurant in Nanyuki and continue with the onward journey to Samburu. On arrival at 1530hrs, depart for a game drive till dusk.

Samburu Game Reserve is essentially lava plain that features steep sided gullies and rounded hills wherein the 32-kilometre EwasoNyiro River provides both the central feature of the landscape and the lifeblood of the ecosystem. The vegetation comprises predominantly acacia woodland interspersed with bush, grass and scrubland, which is broken here and there by small rugged hills whilst the meandering loops of the river area bordered by a narrow gallery of riverine woodland in which acacia and doum palm flourish. This is a dry country ecosystem and is, therefore, prone to large variations in the animal populations as they move in search of water and pasture. And, whilst poaching has completely wiped out the rhino herds, lion are often seen while the burgeoning elephant herds are responsible for the ruination of several sections of riverside forests. The range of rare species also includes reticulated giraffe, Grevy’s zebra, Somali ostrich and gerenuk whilst the bird life is diverse and prolific and includes marsh

Meals & Overnight (FB): Samburu Lodge or Elephant Bedroom Camp

Day 2: Full Day in Samburu Game Reserve

0700 hrs, breakfast at the lodge after which you will do a morning game drive and return with mid-morning at leisure to enjoy the Lodge facilities and lunch at 1300hrs. At 1530 hrs depart for a game drive to explore the vast plains and view the animals just before nightfall.

Meals & Overnight (FB): Samburu Lodge or Elephant Bedroom Camp.

Day 3: Lake Nakuru- Masai Mara

0700hrs take breakfast at the lodge/camp and depart headed south towards Ol Pejeta Conservancy arriving in time for lunch at Sweetwater's Serena Camp.

1530 hrs depart for a game drive at the conservancy returning at nightfall.

Ol Pejeta is the largest black rhino sanctuary in east Africa, and previously home to two of the world's last remaining northern white rhino. It is the only place in Kenya to see chimpanzees, in a Sanctuary established to rehabilitate animals rescued from the black market. It has some of the highest predator densities in Kenya, and still manages a very successful livestock program.

Sweetwaters Tented Camp: Embrace the awe-inspiring natural beauty of your surroundings, and set the stage for a visit you won't soon forget. Located within the sprawling Ol Pejeta Conservancy, one of Kenya's most noteworthy conservancies and home to the 'Big Five' (elephant, rhino, lion, buffalo and leopard), Sweetwaters Serena Camp offers a holiday experience unlike any other.

Day 4: Ol Pejeta Conservancy-Masai Mara GM

0730 hrs, take breakfast at the camp and head southwest for the famous Masai Mara Game Reserve.

1300 hrs, lunch at the camp. Midafternoon at leisure.

1530 hrs, Afternoon game drive in the Masai Mara Game Reserve. During the game drive, you have a chance to see the Big Five Including the Lion, Elephant, Rhino, Buffalo, and the elusive Leopard.

Maasai Mara Game Reserve covers 700 Square miles of magnificent wilderness. It is the Africa of the imagination; endless reaches of acacia-dotted grasslands studded with hazy hills. It's the land of African legend: Lion are abundant throughout the park, as are the elephants, giraffes, and a variety of gazelle species and zebra. Cheetah and leopard are also regularly seen and, less commonly, rhino. The annual wildebeest migration, one of nature's few remaining wildlife spectacles, occurs in the Mara where the big animals and their predators are to be present in abundance. Several species of Bee-Eater, the flying rainbow that heads the list of the Mara's birds, occur in the reserve. As well as wildlife, the Maasai Mara is also home to many members of the colorful Maasai tribe who June be seen around the borders of the park – Morans (warriors) loping across the plains, young boys herding goats, or elders grouped under a tree discussing matters of the day.
